

ASSOCIATION OF FRIENDS OF BOTANIC GARDENS CONFERENCE

At the AUSTRALIAN INLAND BOTANIC GARDENS
River Road BURONGA NSW
22nd – 23rd May 2010

Campsis radicans

Trumpet Flower Beverley Graham 1994

“Secrets of the Mallee”

The Australian Inland Botanic Gardens Inc Committee of Management and the Friends of the AIBG cordially invite you to attend the biennial conference of the Association of Friends of Botanic Gardens Inc next May.

Mildura, Victoria, is the closest large centre for arrivals and also for accommodation, the town centre being seven km from the Gardens. Buronga in NSW is a small township marginally closer to the Gardens.

Conference proceedings and social activities are planned to take place at our Gardens in the relocated nineteenth century Magenta Station shearing shed, now a rustic reminder of the past but somewhat altered to suit the purpose of a reception hall.

Our speakers are respected professionals in their areas of expertise and we have chosen to continue the discussion on the challenges of reduced water availability in southern Australia. We hope to simplify complex water matters and expose some of the mysteries of the dry mallee plants and soils. As well, social aspects of volunteerism will be discussed and plenty of time has been allowed for some exciting presentations by members and interaction of delegates when we will be able to share our triumphs and ponder any problems.
