

# AUGUSTA

## GOLF CARS PTY LTD

### ***Augusta Golf Cars***

*We are a privately owned Company established in 2004; Master Distributor for all USA made E-Z-GO, Cushman and Textron Off Road products for Australia and the Pacific region.*

***Over the past 14 years we have grown to the current status of being the #1 supplier of Golf Cars in Australia.***

*We are also the Australian Commercial Distributor for E Car Australasia, supplying E Car Electric – Specialist Commercial vehicles and Landboss Diesel 4 x 4 UTV's powered by Perkins, giving us the ultimate alternative vehicle range. Electric vehicles range from 2 seat small units to 23 seat electric busses and a variety of industrial utilities, parks maintenance utilities, stock chasers, housekeeping vehicles, burden carriers and tugs with load ratings up to 3.6 tonne.*

***The Cushman brand parent company, Textron, is recognized for powerful brands like Bell Helicopter, Cessna, Beechcraft, E-Z-GO, Jacobsen and more.***

*Textron has backed the Cushman brand since 1998. By leveraging this global network today, Cushman is able provide customers with a higher level of innovation and service than ever before. Throughout its history, Textron has been the source of ground-breaking technologies and numerous industry-firsts. Many major steps in the evolution of aircraft, rotorcraft, armoured vehicles, electrical vehicles, tools and automotive systems have emerged from Textron product development labs.*

***E-CAR Australasia was established in Queensland, Australia in 2005 and has grown to be one of the most respected names in the industry.***

*The electric car range offered is based on high quality German engineering and manufactured by LvTong. LvTong is one of Asia's Premium Golf Cart Suppliers. Due to our direct connection to LvTong and the unique relationship that exists, E-Car Australasia is able to promote factory direct pricing and factory made customisation for commercial applications.*

*The electric vehicles include USA made Trojan Deep Cycle lead acid batteries; USA Curtis Speed Controllers and GRAZIANO Spine-less transaxles. The E-Car automotive style combined with German engineering make the E-Car a pleasure to drive. The standard ranges of E-Car Electric Carts comes with indicators, horn, and lighting kits and are available in a wide range of attractive colours.*

***Augusta Golf Cars Head Office is at Yatala on the Gold Coast and we have offices and agents in every state giving us the ability to supply and service all locations in Australia.***

*Services are booked through our Yatala Head Office by telephone, email on our web site, and are carried out on-site by our factory trained technicians.*
