Partnership Award

Award Overview

This award celebrates outstanding collaborative projects that not only achieved excellent results, but also delivered value and growth for all partner organisations involved.

Organisation

Project title

Brief project description (200-word max. *Please include details which explain size and complexity of project.*)

Applications must address the following criteria (maximum 150 words per section)

1. Effective Collaboration

Explain how your partnership shows strong evidence of mutual respect, shared decision-making, and clearly defined roles and responsibilities among partners.

2. Clear Purpose and Objectives

Tell us why the partnership was necessary to achieve the project's outcomes and how the project aligned with the organisations' purposes and priorities.

3. Demonstrated Impact on Partners

Explain how the partnership directly strengthened each partner. Describe measurable or observable impacts such as skill development, operational improvements, expanded reach, or increased influence. Show how the partnership created value that each partner could not have achieved alone.

4. Innovation and Value-Add

Tell us how the partnership demonstrated innovative approaches or outcomes.

5. Sustainability and Longevity

Tell us what strategies are in place that ensure long-term sustainability and continued benefit of the project or partnership outcomes beyond the initial project or agreement period.

6. Replicability and Scalability

Let us know how the partnership model could be scaled or replicated elsewhere for broader sectoral or community benefit.
